JACKSON, TENN., HAS BIG STREET PROGRAM

JACKSON, Tenn., May 13, (Sp.)—An ample supply of materials for the installation of hard surfaces on the most important, unimproved streets in the residence districts is being secured by the city commission.

The commission is planning an extensive program of street improvements, including the completion of the permanent thoroughfare in the business district, constructed at a cost of \$250,000.

The construction of the concrete base is practically completed and only the asphalt surface remains to be laid on the low blocks that have not been engaged.

The work was begun last July but has been considerably delayed on account of weather conditions and shortage of materials.

Swift & Company Does Not Control Its Raw Material

Other industries can buy their raw materials according to need or judgment, and set a selling price. They need manufacture only what they can sell at their price.

Cotton, wool, wheat, lumber, iron, steel, and other non-perishables, can be held either by their producers or their users until needed.

But live stock comes to market every day in fluctuating quantities from scattered sources, wholly uncontrolled and at times without regard to market needs.

An immediate outlet must be found for the perishable products, at whatever price, as only a very small proportion can be stored.

No one can foresee or stipulate what they shall bring; prices must fluctuate from day to day to insure keeping the market clear.

Only the most exacting care of every detail of distribution enables Swift & Company to make the small profit from all sources of a fraction of a cent per pound, necessary for it to continue to obtain capital and maintain operations.

WANTED—A HUSBAND

If he is good looking and not aware of it I will be pleased

If he is WEALTHY I will be pleased, but I know that only TWO out of a HUNDRED men are WEALTHY at the age of SIXTY, so I presume that only ONE YOUNG MAN out of TEN THOUSAND is WEALTHY, which leaves the chance of my marrying a wealthy young man very remote. The best I hope to get is one who appears to have the seed of success in him.

I do not expect to earn any of the living, but will promise to use judgment in spending the family income. I won't waste valuable time watching for bargains in stores that use BAR-GAINS as BAIT and then make up the LOSS on the OTHER THINGS THEY SELL.

When I find a store like the PIGGLY WIGGLY stores selling EVERYTHING on a SMALL PROFIT, and where I can TRULY SAVE MANY DOLLARS EACH MONTH, that is where I am going to trade, thus aiding my husband to become ONE of the TWO out of a HUNDRED WEALTHY (when old) men.

You Will Find It a Pleasure To Go Through the Aisles of the Cleanest Store You Ever Visited AND THE PRICES WILL SURPRISE YOU
